To Whom It May Concern

I have met with John Sloan and I understand the aims and methods of the Emotional Response Language Education research project. I am happy for students of Swan to take part in this experiment and I consent to allow John to access the students who volunteer to take part as participants. All our students are over the age of 18.

If you require any further information please contact me at: dos@selt.ie

Regards,

Dermot McSharry
Director Of Studies
Swan Training Institute
